

## PANDA-COUPLE

The first big highlight of the year will start in spring with a special 2020 **limited edition** (250,000) trendy panda couple. This will be accompanied by the addition of special **nashi pear**-flavoured candies to the PEZ range.

## MICKEY AND MINNIE AND MINNIE

PEZ has a long tradition of bringing out **Mickey and Minnie** PEZ dispensers in a whole host of different styles. Late March this year will see the release of Mickey in a black tuxedo with a white bow tie and Minnie in a matching turquoise dress with a string of pearls and a large bow on her head. A more casual version will be available for those who prefer something a bit less elegant, with Minnie in pink and Mickey in red with mouse prints. After all, we all need an outfit for every occasion.

## DISNEY

Another PEZ Disney range is set to be released towards the end of spring: Sheriff **Woody** from Toy Story, **Lightning McQueen** from Cars, **Winnie the Pooh** and clownfish **Nemo** will see a line-up of some of the most popular Disney characters as PEZ dispensers.

## SCOOBY-DOO

Legendary American cartoon series Scooby-Doo, featuring ghost-hunting friends Fred, Daphne, Velma, Shaggy and Great Dane Scooby-Doo, has been around since the late 1960s. Now a new animated film is set to be released in cinemas this May in virtually exactly the same illustrative style as the series. Fred, Daphne, Velma, Shaggy and Scooby-Doo will be available as PEZ dispensers from as early as mid-March.

## MINIONS

July marks the much-anticipated return to our screens of a global sensation: the Minions. Protagonist Kevin, rebel Stuart and childish Bob will appear alongside with a new character as PEZ dispensers. The new PEZ collection will feature the entire upper body of the yellow Minions atop the dispensers – overalls included! And to top it all off, a whole new flavour of candy will be added especially for the Minions range: you guessed it, banana!
